PROXY STATEMENT
QUESTIONS AND ANSWERS
ABOUT THE 2022 ANNUAL MEETING

Why did I receive this proxy?

The Board of Directors of Seneca Foods Corporation (the “Company”) is soliciting proxies to be voted at the Annual Meeting of Shareholders. The Annual Meeting will be held Wednesday, August 10, 2022, at 1:00 PM, Central Daylight Time, at the Company’s Offices, 418 East Conde Street, Janesville, WI 53546. This proxy statement summarizes the information you need to know to vote by proxy or in person at the Annual Meeting. You do not need to attend the Annual Meeting in person in order to vote.

Who is entitled to vote?

All record holders of the Company’s voting stock as of the close of business on June 10, 2022 (the “Record Date”) are entitled to vote at the Annual Meeting. As of the Record Date, the following shares of voting stock were issued and outstanding: (i) 6,452,343 shares of Class A common stock, \$0.25 par value per share (“Class A Common Stock”); (ii) 1,707,249 shares of Class B common stock, \$0.25 par value per share (“Class B Common Stock”, and together with the Class A Common Stock, sometimes collectively referred to as the “Common Stock”); (iii) 200,000 shares of Six Percent (6%) Cumulative Voting Preferred Stock, \$0.25 par value per share (“6% Preferred Stock”); (iv) 407,240 shares of 10% Cumulative Convertible Voting Preferred Stock - Series A, \$0.25 stated value per share (“10% Series A Preferred Stock”); and (v) 400,000 shares of 10% Cumulative Convertible Voting Preferred Stock - Series B, \$0.25 stated value per share (“10% Series B Preferred Stock”).

How many votes do I have?

Each share of Class B Common Stock, 10% Series A Preferred Stock, and 10% Series B Preferred Stock is entitled to one vote on each item submitted to you for consideration. Each share of Class A Common Stock is entitled to one-twentieth (1/20) of one vote on each item submitted to you for consideration. Each share of 6% Preferred Stock is entitled to one vote, but only with respect to the election of directors.

What does it mean if I receive more than one proxy card?

It means that you have multiple accounts at the transfer agent or with stockbrokers. Please complete and return all proxy cards to ensure that all your shares are voted.

How do I vote?

- By Mail: Vote, sign, date your card and mail it in the postage-paid envelope.
- In Person: At the Annual Meeting.

How do I vote my shares that are held by my broker?

If you have shares held by a broker, you may instruct your broker to vote your shares by following the instructions that the broker provides to you.

What am I voting on?

You will be voting on the following proposals:

- Proposal One: The election of four directors, three of whom to serve until the Annual Meeting of shareholders in 2025, one to serve until the Annual Meeting of shareholders in 2023, and until each of their successors is duly elected and shall qualify;
- Proposal Two: The ratification of Plante Moran, P.C. as the Company's independent registered public accounting firm for the fiscal year ending March 31, 2023.

Will there be any other items of business on the agenda?

Pursuant to SEC rules, shareholder proposals must have been received by June 1, 2022 to be considered at the Annual Meeting. To date, we have received no shareholder proposals and we do not expect any other items of business. Nonetheless, in case there is an unforeseen need, your proxy gives discretionary authority to Paul L. Palmby and Timothy J. Benjamin with respect to any other matters that might be brought before the Annual Meeting. Those persons intend to vote that proxy in accordance with their best judgment.

How many votes are required to act on the proposals?

Pursuant to our Bylaws, provided a quorum is present, directors will be elected by a plurality of all the votes cast at the Annual Meeting with each share of voting stock being voted for as many individuals as there are directors to be elected and for whose election the share is entitled to vote.

The non-binding advisory vote to ratify the appointment of Plante Moran, PC as the Company's independent registered public accounting firm for the fiscal year ending March 31, 2023 requires the affirmative vote of a majority of the votes cast on the proposal, provided that a quorum is present at the Annual Meeting.

How are votes counted?

The Annual Meeting will be held if a quorum is represented in person or by proxy. The holders of voting shares entitled to exercise a majority of the voting power of the Company shall constitute a quorum at the Annual Meeting. If you return a signed proxy card, your shares will be counted for the purpose of determining whether there is a quorum. We will treat failures to vote, referred to as abstentions, as shares present and entitled to vote for quorum purposes. A withheld vote is the same as an abstention.

Broker non-votes occur when proxies submitted by a broker, bank or other nominee holding shares in "street name" do not indicate a vote for a proposal because they do not have discretionary voting authority and have not received instructions as to how to vote on the proposal. We will treat broker non-votes as shares that are present and entitled to vote for quorum purposes.

For purposes of each proposal, abstentions and broker non-votes, if any, will not be counted as votes cast on a proposal and will have no effect on the result of the vote on the proposal.

What happens if I return my proxy card without voting on all proposals?

When the proxy is properly executed and returned, the shares it represents will be voted at the Annual Meeting in accordance with your directions. If the signed card is returned with no direction on a proposal, the proxy will be voted FOR the nominees for Director and FOR the ratification of the independent registered public accounting firm.

Who has paid for this proxy solicitation?

The Company has paid the entire expense of this proxy statement and any additional materials furnished to shareholders.

When was this proxy statement mailed?

This proxy statement and the enclosed proxy card were mailed to shareholders beginning on or about July 8, 2022.

How can I obtain a copy of this year's Annual Report on Form 10-K?

A copy of our 2022 Annual Report to Shareholders, including financial statements for the fiscal year ended March 31, 2022, accompanies this Proxy Statement. BOARD GOVERNANCE

Independent Directors

Under the NASDAQ listing standards, at least a majority of the Company’s directors and all of the members of the Company’s Audit Committee, Compensation Committee and Corporate Governance and Nominating Committee must meet the test of “independence” as defined by NASDAQ. The NASDAQ standards provide that, to qualify as an “independent” director, in addition to satisfying certain criteria, the Board of Directors must affirmatively determine that a director has no relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. The Board of Directors has determined that each director nominee and director whose term will continue beyond the Annual Meeting, other than, Mr. Palmby as the current President and Chief Executive Officer of the Company, Mr. Kayser as the former President and Chief Executive Officer of the Company, Mr. Stuart as the son-in-law of the former Chairman of the Company, and Mr. Call, is “independent” as defined by the NASDAQ listing standards.

In making its determination with respect to Mr. Call, the Board considered his relationship with the Company as fully described in “Certain Transactions and Related Relationships” below on page 20. It concluded that Mr. Call does not satisfy the criteria under NASDAQ standards inasmuch as the Company purchased raw vegetables from My-T Acres, Inc., under an arm’s length contract, above the \$200,000 threshold permitted under the NASDAQ standards in determining “independence”.

With respect to the five independent directors, there are no transactions, relationships or arrangements not requiring disclosure pursuant to Item 404(a) of Regulation S-K that were considered by the Board in determining that these individuals are independent under the NASDAQ listing standards.

Leadership Structure

Mr. Kayser serves as the Chairman of the Board of Directors in a non-executive role and has served in that capacity since 2021. Mr. Palmby serves as the Chief Executive Officer and has served in that capacity since 2020. Our Board of Directors has no specific policy regarding separation of the Chairman of the Board and Chief Executive Officer. Although our bylaws permit the Chairman to serve as Chief Executive Officer, our Board has determined that separating these positions is currently in the best interest of the Company and our shareholders. As Chief Executive Officer, Mr. Palmby focuses on the strategy, leadership and day-to-day execution of our business plan while Mr. Kayser provides oversight, direction and leadership to the Board.

Our Board of Directors believes that it is able to effectively provide independent oversight of the Company's business and affairs, including the risks we face, without an independent Chairman through the composition of our Board of Directors, the strong leadership of the independent Directors and the independent committees of our Board of Directors, and the other corporate governance structures and processes already in place. Five of the nine current Directors are independent under the NASDAQ listing standards. All of our Directors are free to suggest the inclusion of items on the agenda for meetings of our Board of Directors or raise subjects that are not on the agenda for that meeting. In addition, our Board of Directors and each committee have complete and open access to any member of management and the authority to retain independent legal, financial and other advisors as they deem appropriate without consulting or obtaining the approval of any member of management. Our Board of Directors also holds regularly scheduled executive sessions of only independent or non-management Directors, as appropriate, in order to promote discussion among such Directors and assure independent oversight of management. Moreover, our Audit Committee, Compensation Committee and Corporate Governance and Nominating Committee, all of which are comprised entirely of independent Directors, also perform oversight functions independent of management.

Board Oversight of Risk Management

The Company believes that its leadership structure allows the Directors to provide effective oversight of the Company's risk management function by receiving and discussing regular reports prepared by the Company's senior management on areas of material risk to the Company, including market conditions, matters affecting capital allocation, compliance with debt covenants, significant regulatory changes that may affect the Company's business operations, access to debt and equity capital markets, existing and potential legal claims against the Company and various other matters relating to the Company's business. Additionally, the Board of Directors administers its risk oversight function through (i) the required approval by the Board of Directors (or a committee thereof) of significant transactions and other decisions, including, among others, major acquisitions and divestitures, new borrowings and the appointment and retention of the Company's executive management, (ii) the coordination of the direct oversight of specific areas of the Company's business by the Compensation, Audit and Corporate Governance and Nominating Committees, and (iii) periodic reports from the Company's auditors and other outside consultants regarding various areas of potential risk, including, among others, those relating to the Company's internal control over financial reporting.

Committees and Meeting Data

The Board of Directors has a standing Audit Committee, Compensation Committee, and Corporate Governance and Nominating Committee. Each member of each of these committees is "independent" as that term is defined in the NASDAQ listing standards. The Board has adopted a written charter for each of these committees, which is available on our website at www.senecafoods.com.

The Audit Committee currently consists of Mr. Woodward (Chair), Ms. Nelson and Mr. Gaylord. The Audit Committee met four times during the fiscal year ended March 31, 2022. The Audit Committee is directly responsible for the engagement of independent auditors, reviews with the auditors the scope and results of the audit, reviews with management or the internal auditor the scope and results of the Company's internal auditing procedures, reviews the independence of the auditors and any non-audit services provided by the auditors, reviews with the auditors and management the adequacy of the Company's system of internal accounting controls and makes inquiries into other matters within the scope of its duties. Mr. Woodward and Ms. Nelson have been designated as the Company's "audit committee financial experts" in accordance with the SEC rules and regulations. Shareholders should understand that this designation is a disclosure requirement of the SEC related to the member's experience and understanding with respect to certain accounting and auditing matters. The designation does not impose any duties, obligations or liability that are greater than are generally imposed on them as members of the Audit Committee and the Board, and this designation as an audit committee financial expert pursuant to this SEC requirement does not affect the duties, obligations or liability of any member of the Audit Committee or the Board. See "Report of the Audit Committee" below.

The Compensation Committee consists of Mr. Gaylord (Chair), Mr. Nozzolio and Dr. Boor. The Compensation Committee's function is to review and recommend to the Board of Directors appropriate executive compensation policy and compensation of the Company's directors and officers. The Compensation Committee also reviews and makes recommendations with respect to executive and employee benefit plans and programs. The Compensation Committee met two times during the fiscal year ended March 31, 2022.

The Corporate Governance and Nominating Committee currently consists of Dr. Boor (Chair), Mr. Woodward and Mr. Nozzolio. The responsibilities of the Corporate Governance and Nominating Committee include assessing Board membership needs and identifying, screening, recruiting, and presenting director candidates to the Board, implementing policies regarding corporate governance matters, making recommendations regarding committee memberships and sponsoring and overseeing performance evaluations for the Board as a whole and the directors. The Corporate Governance and Nominating Committee met one time during the fiscal year ended March 31, 2022.

Nominating Procedures

The Board has not adopted specific minimum criteria for director nominees and although the Company does not have a formal policy or guidelines regarding diversity, the Company recognizes the value of having a Board that encompasses a broad range of skills, expertise, contacts, industry knowledge and diversity of opinion. The Corporate Governance and Nominating Committee identifies nominees by first evaluating the current members of the Board of Directors willing to continue in service. Current members of the Board with skills and experience that are relevant to the Company's business and who are willing to continue in service are considered for re-nomination. If any member of the Board does not wish to continue in service, or if the Corporate Governance and Nominating Committee decides not to nominate a member for re-election, the Corporate Governance and Nominating Committee first considers the appropriateness of the size of the Board. If the Corporate Governance and Nominating Committee determines the Board seat should remain and a vacancy exists, the Corporate Governance and Nominating Committee considers factors that it deems are in the best interests of the Company and its shareholders in identifying and evaluating a new nominee. The Corporate Governance and Nominating Committee will consider nominees suggested by incumbent Board members, management and shareholders.

Shareholder recommendations must be in writing and sent within the time periods set forth under the heading "Shareholder Proposals for the 2023 Annual Meeting" addressed to the Chairman of the Corporate Governance and Nominating Committee, c/o Corporate Secretary, 418 East Conde Street, Janesville, WI 53546 14505, and should include a statement setting forth the qualifications and experience of the proposed candidates and basis for nomination. Any person recommended by shareholders of the Company will be evaluated in the same manner as any other potential nominee for director.

Board Attendance at Meetings

The Board of Directors held four meetings and acted by unanimous written consent one time during the fiscal year ended March 31, 2022. Each director attended every meeting of the Board of Directors, and meetings held by all committees of the Board of Directors on which he or she served, while the director was an active member of the Board. Each director is expected to attend the Annual Meeting of shareholders. In 2021, the Annual Meeting of Shareholders was attended by all nine directors who were serving on the Board at that time.

The Company provides an informal process for shareholders to send communications to the Board of Directors. Each member of the Committee qualifies as an independent director under NASDAQ listing standards. The Committee operates under a written charter adopted by the Board. A copy of the charter is available at www.senecafoods.com under “Corporate Governance.” The Committee meets as often as necessary to perform its duties and responsibilities. The Committee held two meetings during fiscal year 2022 and has held one meeting so far during fiscal year 2023. The Committee also regularly meets in executive session without management. The Committee has never engaged a compensation consultant to assist it in developing compensation programs.

The Committee is authorized by our Board of Directors to oversee our compensation and employee benefit practices and plans generally, including our executive compensation, incentive compensation and equity-based plans. The Committee may delegate appropriate responsibilities associated with our benefit and compensation plans to members of management. The Committee has delegated certain responsibilities with regard to our Pension Plan and 401(k) Plan to an investment committee consisting of members of management. The Committee also has delegated authority to our President and CEO to designate those employees who will participate in our Executive Profit Sharing Bonus Plan; provided, however, that the Committee is required to approve participation in such plan by any of our executive officers.

The Committee approves the compensation of our CEO. Our CEO develops and submits to the Committee his recommendation for the compensation of each of the other executive officers in connection with annual merit reviews of their performance. The Committee reviews and discusses the recommendations made by our CEO and approves the compensation for each named executive officer for the coming year. No corporate officer, including our CEO, is present when the Committee determines that officer’s compensation. In addition, our Chief Financial Officer and other members of our finance staff assist the Committee with establishing performance target levels for our Executive Profit Sharing Bonus Plan, as well as with the calculation of actual financial performance and comparison to the performance targets, each of which actions requires the Committee’s approval.

Philosophy and Objectives

Our philosophy for the compensation of all of our employees, including the named executive officers, is to value the contribution of our employees and share profits through broad-based incentive arrangements designed to reward performance and motivate collective achievement of strategic objectives that will contribute to our Company’s success. The primary objectives of the compensation programs for our named executive officers are to:

- attract and retain highly-qualified executives,
- motivate our executives to achieve our business objectives,
- reward our executives appropriately for their individual and collective contributions, and

- align our executives' interests with the long-term interests of our shareholders.

Our compensation principles are designed to complement and support the Company's business strategy. The packaged fruit and vegetable business is highly competitive, and the principal customers are major food chains and food distributors with strong negotiating power as to price and other terms. Consequently, our success depends on an efficient cost structure (as well as quality products) which enables us to provide favorable prices to the customers and acceptable margins for the Company.

However, an important purpose of our compensation policies is to enable the Company to retain highly valued employees. Our senior management monitors middle and senior management attrition and endeavors to be sufficiently competitive as to salary levels so as to attract and retain highly valued managers. Consequently, the Company has been flexible in awarding compensation, and expects to remain so, to facilitate attracting and retaining quality management personnel.

Consideration of Most Recent Say on Pay Vote

At the Annual Meeting of Shareholders on August 18, 2020, over 84% of the shares voted were voted in support of the compensation of the Company's named executive officers. As a result, the Compensation Committee concluded that the compensation paid to executive officers and the Company's overall pay practices have strong shareholder support and no significant changes have been made since that time.

Also at the Annual Meeting of Shareholders on July 28, 2017, the shareholders expressed a preference that advisory votes on executive compensation occur every three years. Consistent with this preference, the Board of Directors determined to implement an advisory vote on executive compensation every three years, and the next advisory vote on executive compensation will be held in 2023.

Elements of Executive Compensation for Fiscal Year 2022

Base Salary - The base salary of each of our named executive officers is reviewed by the Committee at the beginning of each fiscal year as part of the overall annual review of executive compensation. During the review of base salaries, the Committee considers the executive's qualifications and experience, scope of responsibilities and future potential, the goals and objectives established for the individual, his or her past performance and competitive salary practices both internally and externally. In addition to the annual reviews, the base salary of a particular executive may be adjusted during the course of a fiscal year, for example, in connection with a promotion or other material change in the executive's role or responsibilities. During fiscal year 2022, the named executive officers received a range of 4.0% to 7.1% of cost-of-living increases to their base salary in May 2021. The base salary of each of our named executive officers is set forth in the Summary Compensation Table.

As a general rule, base salaries for the named executive officers are set at a level which will allow us to attract and retain highly-qualified executives. Many of our competitors are family-owned businesses operating in rural areas, where compensation rates and salary expectations are below urban levels. However, most of our executive officers also live and work in rural locations, inasmuch as the Company believes that its facilities (some of which include executive offices) should be located in the agricultural areas that produce the crops processed by the Company. Although the compensation level of our executive officers is generally in the upper end of executive compensation in these localities, they are below the compensation levels for comparable positions in most public companies with sales comparable to those of the Company.

Executive Profit Sharing Bonus Plan - The Executive Profit Sharing Bonus Plan is generally available to officers and certain key corporate employees. An annual incentive bonus is payable based upon the Company's performance, and aligns the interests of executives and employees with those of our shareholders. The Executive Profit Sharing Bonus Plan links performance incentives for management and key employees to increases in shareholder value and promotes a culture of high performance and ownership in which members of management are rewarded for achieving operating efficiencies, reducing costs and improving profitability.

The Executive Profit Sharing Bonus Plan became effective April 1, 2006 and was last amended on February 9, 2022. The most recent amendment did not become effective until April 1, 2022, so the previous amendment on January 25, 2017 remained in effect for fiscal year 2022. Under the Plan, annual incentive bonuses are paid based on achieving the performance criteria set for the Company. The bonuses for officers and certain key corporate employees are distributed at the sole discretion of our CEO upon approval of such bonuses by the Committee. The performance criteria established under each Plan requires the Company's pre-tax profits adjusted to a FIFO basis for a fiscal year to equal or exceed a specific bonus target plus the aggregate bonus amounts calculated under the Plan. The bonus target under each Plan is expressed as a percentage of the consolidated net worth of the Company calculated on a FIFO basis. The bonus targets under the Executive Profit Sharing Bonus Plan range from 5% to 15% increase of consolidated net worth. Additionally, each bonus target corresponds to a potential bonus payment calculated as a percentage of the employee's base salary earned during the fiscal year. The potential bonus payments under the Executive Profit Sharing Bonus Plan range from 10% to 35% of base salary. The Executive Profit Sharing Bonus Plan provides that the Board of Directors or an authorized committee is permitted to make discretionary bonus payments in addition to any bonus payments calculated under the Plan.

The following table sets forth the bonus targets and potential bonus payments established under the Executive Profit Sharing Bonus Plan for fiscal year 2022.

Bonus Target as Percent of Consolidated Net Worth	Potential Bonus Payment (Percent of Base Salary)
5%	10%
7.5%	15%
10%	20%
12.5%	25%
15%	35%

For fiscal year 2022, the Company's pre-tax profits on a FIFO basis exceeded the 15% bonus target for a 35% bonus payment. The actual amount earned by each named executive officer in fiscal year 2022 is reported under the Non-Equity Incentive Plan Compensation column in the Summary Compensation Table.

Division Management Bonus Plan - The Division Management Bonus Plan is generally available to the president or other chief executive of each division as well as other officers and certain key corporate employees. The Division Management Bonus Plan uses the performance criteria under the Executive Profit Sharing Bonus Plan, however the performance criteria under the Division Management Bonus Plan is based on the applicable division's pre-tax profits as a percentage of the division's net worth, each as calculated on a FIFO basis, rather than the Company on a consolidated basis. The Fruit and Vegetable Division's pre-tax profits on a FIFO basis exceeded the maximum bonus target for fiscal 2022. The actual amount earned by each named executive officer in fiscal year 2022, if any, is reported under the Non-Equity Incentive Plan Compensation column in the Summary Compensation Table.

Equity Based Incentive Awards - On August 10, 2007, the shareholders approved the 2007 Equity Incentive Plan to align the interests of management and shareholders through the use of stock-based incentives that result in increased stock ownership by management. Executive management's view of the Plan is that it is important to allow us to continue to attract and retain key talent and to motivate executive and other key employees to achieve the Company's goals. On July 28, 2017, the shareholders approved the amendment and extension of the 2007 Equity Incentive Plan for an additional ten year term. The Company granted 4,266 shares of restricted Class A common stock awards under the Plan to key employees in fiscal year 2022. Provided that the participant remains employed by the Company, these shares of restricted stock will vest equally over a four-year period. Upon the appointment of Mr. Palmby to President and Chief Executive Officer on October 1, 2020, the compensation committee concurred that Mr. Palmby would no longer receive restricted awards on a prospective basis. Mr. Palmby received a final prorated restricted award in August 2021 covering the time period prior to his appointment as President and Chief Executive Officer.

Retirement Programs - Our executive officers are entitled to participate in the Company's Pension Plan, which is for the benefit of all employees meeting certain eligibility requirements. Effective August 1, 1989, the Company amended the Pension Plan to provide improved pension benefits under an excess formula. The excess formula for the calculation of the annual retirement benefit is: total years of credited service (not to exceed 35) multiplied by the sum of (i) 0.6% of the participant's average salary (five highest consecutive years, excluding bonus), and (ii) 0.6% of the participant's average salary in excess of his or her compensation covered by Social Security.

Participants who were employed by the Company prior to August 1, 1988, are eligible to receive the greater of their benefit determined under the excess formula or their benefit determined under the offset formula as of July 31, 1989. The offset formula is: (i) total years of credited service multiplied by \$120, plus (ii) average salary multiplied by 25%, less 74% of the primary Social Security benefit. The maximum permitted annual retirement income that can be paid to a participant under either formula is \$245,000. See “Pension Benefits” below for further information regarding the number of years of service credited to each of the named executive officers and the actuarial present value of his accumulated benefit under the Pension Plan.

We also have a 401(k) Plan pursuant to which the Company makes matching and discretionary contributions, however, the named executive officers are not eligible to participate in the Company’s 401(k) match. The Company sponsors an unfunded nonqualified deferred compensation plan to permit certain eligible employees, including the named executive officers, to defer receipt of a portion of their compensation to a future date. This plan was designed to compensate the 401(k) Plan participants for any loss of Company contributions under the 401(k) Plan. None of the named executive officers received a Company match under the deferred compensation plan in excess of \$10,000.

Other Compensation - The Company also provides health insurance, term life insurance, and short-term disability benefits that do not discriminate in scope, terms or operation in favor of our executive officers. These benefits are included in the Summary Compensation Table for the named executive officers under “All Other Compensation.”

Other Compensation Policies

Internal Pay Equity - The Committee believes that internal pay equity is an important factor to be considered in establishing compensation for our officers. The Committee has not established a policy regarding the ratio of total compensation of our CEO to that of the other officers, but it does review compensation levels to ensure that appropriate equity exists. The Committee intends to continue to review internal pay equity and may adopt a formal policy in the future if it deems such a policy to be appropriate.

Compensation Deductibility Policy - Under Section 162(m) of the Internal Revenue Code of 1986, as amended (“Section 162(m)”), a publicly held corporation may not deduct compensation of more than \$1 million paid to any “covered employee” in any year. Although certain qualifying “performance-based compensation” was previously exempt from this deduction limit, the Tax Cuts and Jobs Act that was signed into law on December 22, 2017 made certain changes to Section 162(m). Pursuant to such changes, “performance-based compensation” is no longer exempt under Section 162(m). None of our executive officers received more than \$1,000,000 in compensation during fiscal year 2022 or any prior year, so Section 162(m) has not been applicable to the Company.

No Stock Options - The Company has never awarded stock options to any officer or employee, and it does not presently contemplate initiating any plan or practice to award stock options.

Timing of Grants - The Committee anticipates that stock awards to the Company’s officers under the 2007 Equity Incentive Plan will typically be granted annually in conjunction with the review of the individual performance of each officer. This review will take place at a regularly scheduled meeting of the Compensation Committee.

Summary Compensation Table

The following table summarizes, for the fiscal years ended March 31, 2022 and 2021, the amount of compensation earned by the named executive officers:

Name and Principal Position	Year	Salary	Non-Equity Incentive Plan Compensation	(1) Stock Awards	(2) All Other Compensation	Total

(1) Represents the total grant date fair value of stock awards on the date of the award. The fair values of these awards were based on the closing price of the Company's Class A common stock as reported on the NASDAQ Global Select Market on the date of grant.

(2) This includes the Company's matching contribution to its deferred compensation plan for each named executive officer, if any, and the amount of premium paid by the Company for group term life insurance on the named executive officer's life. The value of perquisites and other personal benefits are not shown in the table individually because the aggregate amount of such compensation, if any, is less than \$10,000 for each named executive officer.

Pension Benefits

The Company's Pension Plan is a funded, tax-qualified, noncontributory defined-benefit pension plan that covers certain employees, including the named executive officers. Effective August 1, 1989, the Company amended the Pension Plan to provide improved pension benefits under an excess formula. The excess formula for the calculation of the annual retirement benefit is: total years of credited service (not to exceed 35) multiplied by the sum of (i) 0.6% of the participant's average salary (five highest consecutive years, excluding bonus), and (ii) 0.6% of the participant's average salary in excess of his compensation covered by Social Security. The amount of annual earnings that may be considered in calculating benefits under the Pension Plan is limited by law. For 2022, the annual limitation is \$305,000.

Participants who were employed by the Company prior to August 1, 1988, are eligible to receive the greater of their benefit determined under the excess formula or their benefit determined under the offset formula as of July 31, 1989. The offset formula is: (i) total years of credited service multiplied by \$120, plus (ii) average salary multiplied by 25%, less 74% of the primary Social Security benefit. The maximum permitted annual retirement income that can be paid to a participant under either formula is \$245,000.

Compensation of Directors

Under the director compensation program, which became effective September 1, 2012 and amended as of August 13, 2020, each non-employee director is paid a monthly cash retainer of \$2,500. Mr. Palmby, as a current officer of the Company, did not receive any compensation for serving the Company as members of the Board of Directors. The Company's non-employee directors received the following aggregate amounts of compensation for the fiscal year ended March 31, 2022:

Name	Fees Earned or Paid in Cash
Kraig H. Kayser	\$ 12,500
Kathryn J. Boor	\$ 30,000
Peter R. Call	\$ 30,000
John P. Gaylord	\$ 30,000
Linda K. Nelson	\$ 30,000
Michael F. Nozzolio	\$ 30,000
Donald J. Stuart	\$ 30,000
Keith A. Woodward	\$ 30,000

(1) Compensation Committee Interlocks

As noted above, the Compensation Committee is comprised of Mr. Gaylord (Chair), Dr. Boor, and Mr. Nozzolio. No member of the Compensation Committee is or was formerly an officer or an employee of the Company. No executive officer of the Company serves as a member of the board of directors and compensation committee of any entity that has one or more executive officers serving as a member of the Company's Board of Directors, nor has such interlocking relationship existed in the past three years.

Certain Transactions and Relationships

According to written policy of the Audit Committee, any related party transactions, excluding compensation, which is delegated to the Compensation Committee, involving one of the Company's directors or executive officers, must be reviewed and approved by the Audit Committee. Any member of the Audit Committee who is a related party with respect to a transaction under review may not participate in the deliberations or vote on the approval or ratification of the transaction. Related parties include any of the Company's directors or executive officers, certain of the Company's stockholders and their immediate family members. To identify any related party transactions, each year, the Company submits and requires each director and officer to complete director and officer questionnaires identifying any transactions with the Company in which the executive officer or director or their family members has an interest. In addition, the Board of Directors determines, on an annual basis, which members of the Board meet the definition of independent director as defined in the NASDAQ listing standards and reviews and discusses any relationships with a director that would potentially interfere with his or her exercise of independent judgment in carrying out the responsibilities of a director.

A small percentage (less than 1% in fiscal years 2022 and 2021) of vegetables supplied to the Company are grown by My-T Acres, Inc. Peter R. Call, a Director, is the President of My-T Acres, Inc., which supplied the Company approximately \$2.9 million and \$2.2 million pursuant to a raw vegetable grower contract in fiscal years 2022 and 2021, respectively. The Chairman of the Audit Committee reviewed the relationship and determined that the My-T Acres contract was negotiated at arm's length and on no more favorable terms than to other growers in the marketplace.

The Company made charitable contributions to the Seneca Foods Foundation in the amount of \$1.0 million for each of fiscal years 2022 and 2021. The Foundation is a nonprofit entity that supports charitable activities by making grants to unrelated organizations or institutions, and is managed by current employees of the Company.

During fiscal year 2022, the Company recorded a liability for retirement arrangements to beneficiaries of certain former employees of the Company that have family relationships to two of the Company's current Directors. As of March 31, 2022, the liability for these benefits totaled \$1.9 million. Payments are made monthly over the beneficiary's lifetime.

During fiscal year 2022, the Company had the following four employment relationships. Aaron Wadell, brother-in-law of Donald J. Stuart a Director of the Company, was employed as Vice President of e-Business for the Company. Bruce Wolcott, brother-in-law of Donald J. Stuart a Director of the Company, was employed as Vice President of Marketing for the Company. Jesse Hayes, son of Paul L. Palmby an Executive Officer of the Company, was employed as Director of Foodservice for the Company. Patrick Nelson, son of Timothy R. Nelson an Executive Officer of the Company, was employed as Regional Senior Manager of Technical Services for the Company. For each of the aforementioned employees the total fiscal year 2022 compensation (base salary, bonus, and benefits) exceeded the reporting threshold of \$120,000 but did not exceed \$270,000. The Chairman of the Audit Committee reviewed and approved each of these relationships and determined that each compensation arrangement was at arm's length and structured the same for what would be a similarly situated employee.

OWNERSHIP OF COMPANY STOCK

Security Ownership of Certain Beneficial Owners

To the best of the Company’s knowledge, no person or group (as those terms are used in Section 13(d)(3) of the Securities Exchange Act of 1934, as amended (the “Exchange of 1934, as amended (the “Exchange Act”)) beneficially owned, as of June 10, 2022, more than five percent of the shares of any class of the Company’s voting securities except as set forth in the following table. Beneficial ownership for these purposes is determined in accordance with applicable SEC rules and includes shares over which a person has sole or shared voting power investment power. The holdings of Common Stock listed in the table do not include the shares obtainable upon conversion of the 10% Series A Preferred Stock and the 10% Series B Preferred Stock, which currently are convertible into one share of Class A Common Stock and one share of Class B Common Stock for every 20 shares of 10% Series A Preferred Stock and 30 shares of 10% Series B Preferred Stock.

Section 16(a) of the Exchange Act requires that directors, executive officers and persons who own more than 10% of a registered class of the Company’s equity securities to report their ownership and any changes in that ownership to the SEC. The Company believes that all Section 16(a) filing requirements applicable to its directors, executive officers and greater than ten percent beneficial owners were met for fiscal 2022 with the exception of a Form 4 that was inadvertently filed late by an officer on May 13, 2021 to report a transaction under the Seneca Foods Corporation Employees' Savings Plan on May 3, 2021.

PROPOSAL TWO: RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has appointed Plante Moran, P.C. (Plante Moran) to act as auditors for the fiscal year ending March 31, 2023. Plante Moran has served as the Company's registered independent public accounting firm since August 22, 2019. A representative of Plante Moran is expected to be present at the Annual Meeting and will have an opportunity to make a statement, if he or she so desires, and will be available to respond to appropriate questions.

At the Annual Meeting, the shareholders will be asked to ratify the selection of Plante Moran as the Company's independent registered public accounting firm. Pursuant to the rules and regulations of the SEC, the Audit Committee has the direct responsibility to appoint, retain, approve the compensation and oversee the work of the Company's independent registered public accounting firm. Consequently, the Audit Committee will consider the results of the shareholder vote on ratification, but will exercise its judgment, consistent with its primary responsibility, on the appointment and retention of the Company's independent auditors.

The directors of the Company unanimously recommend a vote FOR the ratification of Plante Moran as the Company's independent registered public accounting firm for the fiscal year ending March 31, 2023.

AUDIT COMMITTEE MATTERS

Report of the Audit Committee

The following Report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other filing by the Company under the Securities Act of 1933 or the Securities Exchange Act of 1934 except to the extent the Company specifically incorporates this Report by reference therein.

The Audit Committee of the Company is composed of three directors, each of whom meets the current independence and experience requirements of the NASDAQ Global Select Market and the SEC. The Audit Committee operates under a written charter which was originally adopted on May 27, 2004 and reviewed and reapproved on June 9, 2022. A complete copy of the Audit Committee charter is available on the Company's website at www.senecafoods.com. The Board has determined that Keith A. Woodward and Linda K. Nelson are designated as the Company's "audit committee financial experts" as defined in the current rules of the SEC.

Management is primarily responsible for the Company's financial statements and reporting process. Plante Moran, P.C. (Plante Moran) is responsible for performing an independent audit of the Company's financial statements and internal control over the financial reporting in accordance with the standards of the Public Company Accounting Oversight Board ("PCAOB") and issuing reports on those statements and internal control over financial reporting. The Audit Committee's responsibilities include oversight of the Company's independent registered public accounting firm and internal audit department, as well as oversight of the Company's financial reporting process on behalf of the full Board of Directors. It is not the duty or the responsibility of the Audit Committee to conduct auditing or accounting reviews or related procedures.

The Audit Committee meets at least quarterly and at such other times as it deems necessary or appropriate to carry out its responsibilities. Those meetings include, whenever appropriate, executive sessions with Plante Moran without management being present. The Audit Committee met four times during the fiscal year ended March 31, 2022. In the course of fulfilling its oversight responsibilities, the Audit Committee met with management, internal audit personnel and Plante Moran to review and discuss all annual financial statements and quarterly operating results prior to their issuance. Management advised the Audit Committee that all financial statements were prepared in accordance with Generally Accepted Accounting Principles. The Audit Committee also discussed with Plante Moran matters required to be discussed, pursuant to Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended, including the reasonableness of judgments and the clarity and completeness of financial disclosures. In addition, the Audit Committee discussed with Plante Moran matters relating to its independence and has received from Plante Moran the written disclosures and letter required by PCAOB Rule 3526, *Communication with Audit Committees Concerning Independence*.

On the basis of the reviews and discussions the Audit Committee has had with Plante Moran and management, the Audit Committee recommended to the Board of Directors that the Board approve the inclusion of the Company's audited financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2022, for filing with the SEC.
