PROXY STATEMENT
QUESTIONS AND ANSWERS
ABOUT THE 2009 ANNUAL MEETING

Why did I receive this proxy?

The Board of Directors of Seneca Foods Corporation (the “Company”) is soliciting proxies to be voted at the Annual Meeting of Shareholders. The Annual Meeting will be held Thursday, August 6, 2009, at 1:00 p.m., Eastern Daylight Time, at the Company’s Offices, 3736 South Main Street, Marion, New York. This proxy statement summarizes the information you need to know to vote by proxy or in person at the Annual Meeting. You do not need to attend the Annual Meeting in person in order to vote.

Who is entitled to vote?

All record holders of the Company’s voting stock as of the close of business on June 26, 2009 (the “Record Date”) are entitled to vote at the Annual Meeting. As of the Record Date, the following shares of voting stock were issued and outstanding: (i) 4,820,080 shares of Class A common stock, \$0.25 par value per share (“Class A Common Stock”); (ii) 2,760,903 shares of Class B common stock, \$0.25 par value per share (“Class B Common Stock”, and together with the Class A Common Stock, sometimes collectively referred to as the “Common Stock”); (iii) 200,000 shares of Six Percent (6%) Cumulative Voting Preferred Stock, \$0.25 par value per share (“6% Preferred Stock”); (iv) 407,240 shares of 10% Cumulative Convertible Voting Preferred Stock - Series A, \$0.25 stated value per share (“10% Series A Preferred Stock”); and (v) 400,000 shares of 10% Cumulative Convertible Voting Preferred Stock - Series B, \$0.25 stated value per share (“10% Series B Preferred Stock”).

How many votes do I have?

Each share of Class B Common Stock, 10% Series A Preferred Stock, and 10% Series B Preferred Stock is entitled to one vote on each item submitted to you for consideration. Each share of Class A Common Stock is entitled to one-twentieth (1/20) of one vote on each item submitted to you for consideration. Each share of 6% Preferred Stock is entitled to one vote, but only with respect to the election of directors.

What does it mean if I receive more than one proxy card?

It means that you have multiple accounts at the transfer agent or with stockbrokers. Please complete and return all proxy cards to ensure that all your shares are voted.

How do I vote?

- By Mail: Vote, sign, date your card and mail it in the postage-paid envelope.
- In Person: At the Annual Meeting.

How do I vote my shares that are held by my broker?

If you have shares held by a broker, you may instruct your broker to vote your shares by following the instructions that the broker provides to you.

What am I voting on?

You will be voting on Proposal One regarding the election of three directors of the Company and Proposal Two regarding the ratification of BDO Seidman, LLP as the Company's independent registered public accounting firm for the fiscal year ending March 31, 2010.

Will there be any other items of business on the agenda?

Pursuant to SEC rules, shareholder proposals must have been received by May 16, 2009 to be considered at the Annual Meeting. To date, we have received no shareholder proposals and we do not expect any other items of business. Nonetheless, in case there is an unforeseen need, your proxy gives discretionary authority to Arthur S. Wolcott and Kraig H. Kayser with respect to any other matters that might be brought before the Annual Meeting. Those persons intend to vote that proxy in accordance with their best judgment.

How many votes are required to act on the proposals?

Pursuant to our Bylaws, provided a quorum is present, directors will be elected by a plurality of all the votes cast at the Annual Meeting with each share of voting stock being voted for as many individuals as there are directors to be elected and for whose election the share is entitled to vote.

The ratification of the appointment of BDO Seidman, LLP as the Company's independent registered public accounting firm for the fiscal year ending March 31, 2010 requires the affirmative vote of a majority of the votes cast on the proposal, provided that a quorum is present at the Annual Meeting.

How are votes counted?

The Annual Meeting will be held if a quorum is represented in person or by proxy. The holders of voting shares entitled to exercise a majority of the voting power of the Company shall constitute a quorum at the Annual Meeting. If you return a signed proxy card, your shares will be counted for the purpose of determining whether there is a quorum. We will treat failures to vote, referred to as abstentions, as shares present and entitled to vote for quorum purposes. However, abstentions will not be counted as votes cast on a proposal and will have no effect on the result of the vote on such proposal. A withheld vote is the same as an abstention.

Broker non-votes occur when proxies submitted by a broker, bank or other nominee holding shares in “street name” do not indicate a vote for a proposal because they do not have discretionary voting authority and have not received instructions as to how to vote on the proposal. We will treat broker non-votes as shares that are present and entitled to vote for quorum purposes. However, broker non-votes will not be counted as votes cast on a proposal and will have no effect on the result of the vote on the proposal.

What happens if I return my proxy card without voting on all proposals?

When the proxy is properly executed and returned, the shares it represents will be voted at the Annual Meeting in accordance with your directions. If the signed card is returned with no direction on a proposal, the proxy will be voted in favor of (FOR) Proposals One and Two.

Who has paid for this proxy solicitation?

The Company has paid the entire expense of this proxy statement and any additional materials furnished to shareholders.

When was this proxy statement mailed?

This proxy statement and the enclosed proxy card were mailed to shareholders beginning on or about July 9, 2009.

How can I obtain a copy of this year’s Annual Report on Form 10-K?

A copy of our 2009 Annual Report to Shareholders, including financial statements for the fiscal year ended March 31, 2009, accompanies this Proxy Statement. The Annual Report, however, is not part of the proxy solicitation material. **A copy of our Annual Report on Form 10-K filed with the Securities and Exchange Commission (“SEC”) may be obtained free of charge by writing to Seneca Foods Corporation, 3736 South Main Street, Marion, New York 14505, Attention: Secretary or by accessing the “Investor Information” section of the Company’s website at www.senecafoods.com.**

Can I find additional information on the Company’s website?

Yes. Our website is located at www.senecafoods.com. Although the information contained on our website is not part of this proxy statement, you can view additional information on the website, such as our code of conduct, corporate governance guidelines, charters of board committees and reports that we file with the SEC. A copy of our code of ethics and each of the charters of our board committees may be obtained free of charge by writing to Seneca Foods Corporation, 3736 South Main Street, Marion, New York 14505, Attention: Secretary.

PROPOSAL ONE: ELECTION OF DIRECTORS

In accordance with our Bylaws, the Board of Directors has fixed the number of directors at ten, provided, however, that in the event of the consummation of the previously announced secondary offering of Class A Common Stock by certain shareholders of the Company and termination of the Shareholders Agreement, as discussed below, we expect that the size of our Board of Directors will be reduced to eight directors. If such reduction in the size of our Board of Directors in fact occurs, it will have no impact on the nominees standing for election at this meeting. The Board of Directors is divided into three classes, as equal in number as possible, having staggered terms of three years each. Therefore, at this annual meeting three directors will be elected to serve until the annual meeting in 2012 and until each of their successors is duly elected and shall qualify.

The Board of Directors unanimously recommends a vote FOR the election of each of the nominees listed below. All nominees are currently serving as directors of the Company and were elected at the 2006 Annual Meeting of Shareholders.

Unless instructed otherwise, proxies will be voted FOR the election of the three nominees listed below. Although the directors do not contemplate that any of the nominees will be unable to serve prior to the Meeting, if such a situation arises, the enclosed proxy will be voted in accordance with the best judgment of the person or persons voting the proxy.

Information Concerning Directors

The following provides certain information regarding the nominees for election to the Company's Board of Directors and the Directors whose terms continue beyond the Annual Meeting. Each individual's name, position with the Company and tenure is indicated. On June 22, 1998 the Company entered into a Shareholders Agreement with the parties listed therein. Under the Shareholders Agreement, certain affiliates of Carl Marks Management Company, L.P. ("CMMC") were granted the right to designate two individuals to the Company's Board of Directors and certain substantial shareholders of the Company, including the Wolcott and Kayser families, have agreed to vote their respective shares of capital stock of the Company to elect CMMC director designees. Currently, Messrs. Wilson and Boas are the two CMMC director designees. On July 8, 2009, the Shareholders Agreement was amended to provide that the Shareholders Agreement will terminate in the event of the consummation of the previously announced secondary offering of Class A Common Stock by certain shareholders of the Company. In addition, the CMMC director designees have agreed to resign immediately upon termination of the Shareholders Agreement. If such secondary offering is consummated and such resignations become effective, we expect that the size of the Company's Board of Directors will be reduced to eight directors.

Arthur S. Wolcott, Chairman, is the father of Susan W. Stuart, a director of the Company. There are no other family relationships between any of the directors or executive officers of the Company.

Independent Directors

Under the NASDAQ Global Market listing standards, at least a majority of the Company's directors and all of the members of the Company's Audit Committee, Compensation Committee and Corporate Governance and Nominating Committee must meet the test of "independence" as defined by NASDAQ. The NASDAQ standards provide that, to qualify as an "independent" director, in addition to satisfying certain criteria, the Board of Directors must affirmatively determine that a director has no relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. The Board of Directors has determined that each current director and nominee for director, other than Mr. Wolcott, the Company's Chairman, his daughter, Ms. Stuart, Mr. Kayser, the Company's President and Chief Executive Officer, and Mr. Humphreys is "independent" as defined by the listing standards of the NASDAQ Global Market.

In making its determination with respect to Mr. Humphreys, the Board considered his relationship with the Company as fully described in "Certain Transactions and Related Relationships" below on page 19. It concluded that Mr. Humphreys does not satisfy the criteria under NASDAQ standards inasmuch as the Company purchased \$419,000 of raw vegetables from Mr. Humphreys under an arms length contract, above the \$200,000 threshold permitted under the NASDAQ standards in determining "independence". On August 10, 2007, the Board determined that although Mr. Humphreys is not considered independent under the NASDAQ listing standards, it was in the best interests of the Company and its shareholders for Mr. Humphreys to continue to serve on the Audit Committee, Compensation Committee and Corporate Governance and Nominating Committee pursuant to the "exceptional and limited circumstance" exception provided for under the NASDAQ listing standards. In making this determination, the Board considered his extensive experience in the vegetable farming industry, his knowledge and experience with the Company's compensation and nomination practices as well as his comprehensive knowledge of the Company's financial affairs developed in over 25 years of service on the Board.

With respect to the six independent directors, there are no transactions, relationships or arrangements not requiring disclosure pursuant to Item 404(a) of Regulation S-K that were considered by the Board in determining that these individuals are independent under the NASDAQ listing standards.

BOARD COMMITTEES AND MEETINGS

The Board of Directors has a standing Audit Committee, Compensation Committee and Corporate Governance and Nominating Committee. Except as discussed above with respect to Mr. Humphreys, each member of each of these committees is "independent" as that term is defined in the NASDAQ Global Market listing standards. The Board has adopted a written

charter for each of these committees, which is available on our website at www.senecafoods.com.

Audit Committee

The Audit Committee consists of Messrs. Baer, Brady, Humphreys and Paulson. The Audit Committee met four times during the fiscal year ended March 31, 2009. The Audit Committee is directly responsible for the engagement of independent auditors, reviews with the auditors the scope and results of the audit, reviews with management the scope and results of the Company's internal auditing procedures, reviews the independence of the auditors and any non-audit services provided by the auditors, reviews with the auditors and management the adequacy of the Company's system of internal accounting controls and makes inquiries into other matters within the scope of its duties. Mr. Baer has been designated as the Company's "audit committee financial expert" in accordance with the SEC rules and regulations. Shareholders should understand that this designation is a disclosure requirement of the SEC related to Mr. Baer's experience and understanding with respect to certain accounting and auditing matters. The designation does not impose any duties, obligations or liability that are greater than are generally imposed on him as a member of the Audit Committee and the Board, and his designation as an audit committee financial expert pursuant to this SEC requirement does not affect the duties, obligations or liability of any other member of the Audit Committee or the Board. See "Report of the Audit Committee" below.

Compensation Committee

The Compensation Committee consists of Messrs. Paulson, Humphreys, Boas and Wilson and Ms. Henry. The Compensation Committee's function is to review and recommend to the Board of Directors appropriate executive compensation policy and compensation of the Company's directors and officers. The Compensation Committee also reviews and makes recommendations with respect to executive and employee benefit plans and programs. The Compensation Committee met two times during the fiscal year ended March 31, 2009.

Corporate Governance and Nominating Committee

The Corporate Governance and Nominating Committee consists of Messrs. Boas, Brady, Humphreys and Paulson. The responsibilities of the Corporate Governance and Nominating Committee include assessing Board membership needs and identifying, screening, recruiting, and presenting director candidates to the Board, implementing policies regarding corporate governance matters, making recommendations regarding committee memberships and sponsoring and overseeing performance evaluations for the Board as a whole and the directors.

The Board has not adopted specific minimum criteria for director nominees. The Corporate Governance and Nominating Committee identifies nominees by first evaluating the current members of the Board of Directors willing to continue in service. Current members of the Board with skills and experience that are relevant to the Company's business and who are willing to continue in service are considered for re-nomination. If any member of the Board does not wish to continue in service, or if the Corporate Governance and Nominating Committee decides not to nominate a member for re-election, the Committee first considers the

appropriateness of the size of the Board. If the Committee determines the Board seat should remain and a vacancy exists, the Committee considers factors that it deems are in the best interests of the Company and its shareholders in identifying and evaluating a new nominee. The Corporate Governance and Nominating Committee will consider nominees suggested by incumbent Board members, management and shareholders.

Shareholder recommendations must be in writing and addressed to the Chairman of the Corporate Governance and Nominating Committee, c/o Corporate Secretary, 3736 South Main Street, Marion, New York 14505, and should include a statement setting forth the qualifications and experience of the proposed candidates and basis for nomination. Any person recommended by shareholders of the Company will be evaluated in the same manner as any other potential nominee for director.

Board Attendance at Meetings

The Board of Directors held four meetings during the fiscal year ended March 31, 2009. Each director attended at least 75% of the aggregate of the total number of meetings of the Board of Directors and meetings held by all committees of the Board of Directors on which he or she served. Each director is expected to attend the Annual Meeting of shareholders. In 2008, the Annual Meeting of Shareholders was attended by all nine directors who were serving of the Board at that time.

Shareholder Communication With the Board

The Company provides an informal process for shareholders to send communications to the Board of Directors. Shareholders who wish to contact the Board of Directors or any of its members may do so in writing to Seneca Foods Corporation, 3736 South Main Street, Marion, New York 14505. Correspondence directed to an individual board member will be referred, unopened, to that member. Correspondence not directed to a particular board member will be referred, unopened, to the Chairman of the Audit Committee.

Report of the Audit Committee

The following Report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other filing by the Company under the Securities Act of 1933 or the Securities Exchange Act of 1934 except to the extent the Company specifically incorporates this Report by reference therein.

The Audit Committee of the Company is composed of four directors, each of whom meets the current independence (other than Mr. Humphreys) and experience requirements of the NASDAQ Global Market and the SEC. The Audit Committee operates under a written charter which was adopted on May 27, 2004. A complete copy of the Audit Committee charter is available on the Company's website at www.senecafoods.com. The Board has determined that Arthur H. Baer is an "audit committee financial expert" as defined in the current rules of the SEC.

Management is primarily responsible for the Company's financial statements and reporting process. BDO Seidman, LLP is responsible for performing an independent audit of the Company's financial statements and internal control over the financial statements in accordance with the standards of the Public Company Accounting Oversight Board and issuing a report on those statements and internal controls over those financial statements. The Audit Committee's

responsibilities include oversight of the Company's independent registered public accounting firm and internal audit department, as well as oversight of the Company's financial reporting process on behalf of the full Board of Directors. It is not the duty or the responsibility of the Audit Committee to conduct auditing or accounting reviews or related procedures.

The Audit Committee meets at least quarterly and at such other times as it deems necessary or appropriate to carry out its responsibilities. Those meetings include, whenever appropriate, executive sessions with BDO Seidman without management being present. The Committee met four times during the fiscal year ended March 31, 2009. In the course of fulfilling its oversight responsibilities, the Audit Committee met with management, internal audit personnel and BDO Seidman to review and discuss all annual financial statements and quarterly operating results prior to their issuance. Management advised the Audit Committee that all financial statements were prepared in accordance with GAAP. The Audit Committee also discussed with BDO Seidman matters required to be discussed, pursuant to Statement on Auditing Standards No. 61, *Communication with Audit Committees*, including the reasonableness of judgments and the clarity and completeness of financial disclosures. In addition, the Audit Committee discussed with BDO Seidman matters relating to its independence and has received from BDO Seidman the written disclosures and letter required by the Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*.

On the basis of the reviews and discussions the Audit Committee has had with BDO Seidman and management, the Audit Committee recommended to the Board of Directors that the Board approve the inclusion of the Company's audited financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2009, for filing with the SEC.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

This section discusses our policies and practices relating to executive compensation and presents a review and analysis of the compensation earned during the fiscal year ended March 31, 2009 by our Chief Executive Officer, or CEO, our Chief Financial Officer, or CFO, and our three other most-highly compensated executive officers, to whom we refer collectively in this proxy statement as the “named executive officers.” The amounts of compensation earned by these executives are detailed in the Fiscal Year 2009 Summary Compensation Table and the other tables which follow it. The purpose of this section is to provide you with more information about the types of compensation earned by the named executive officers and the philosophy and objectives of our executive compensation programs and practices.

Authority of the Compensation Committee; Role of Executive Officers

The Compensation Committee of the Board of Directors (the “Committee”) consists of Messrs. Paulson, Humphreys, Henry, Wilson and Boas. Mr. Paulson, who has served on the Board of Directors since 2004, is the Committee Chairman. Each member of the Committee, other than Mr. Humphreys, qualifies as an independent director under NASDAQ National Market listing standards. The Committee operates under a written charter adopted by the Board. A copy of the charter is available at www.senecafoods.com under “Corporate Governance.” The Committee meets as often as necessary to perform its duties and responsibilities. The Committee held two meetings during fiscal year 2009 and has held one meeting so far during fiscal year 2010. The Committee also regularly meets in executive session without management. The Committee has never engaged a compensation consultant to assist it in developing compensation programs.

The Committee is authorized by our Board of Directors to oversee our compensation and employee benefit practices and plans generally, including our executive compensation, incentive compensation and equity-based plans. The Committee may delegate appropriate responsibilities associated with our benefit and compensation plans to members of management. The Committee has delegated certain responsibilities with regard to our Pension Plan and 401(k) Plan to an investment committee consisting of members of management. The Committee also has delegated authority to our President and CEO to designate those employees who will participate in our Profit Sharing Bonus Plan; provided, however, that the Committee is required to approve participation in such plan by any of our executive officers.

The Committee approves the compensation of our CEO. Our CEO develops and submits to the Committee his recommendation for the compensation of each of the other executive officers in connection with annual merit reviews of their performance. The Committee reviews and discusses the recommendations made by our CEO and approves the compensation for each named executive officer for the coming year. No corporate officer, including our CEO, is present when the Committee determines that officer’s compensation. In addition, our Chief Financial Officer and other members of our finance staff assist the Committee with establishing performance target levels for our Profit Sharing Bonus Plan, as well as with the calculation of actual financial performance and comparison to the performance targets, each of which actions requires the Committee’s approval.

Philosophy and Objectives

Our philosophy for the compensation of all of our employees, including the named executive officers, is to value the contribution of our employees and share profits through broad-based incentive arrangements designed to reward performance and motivate collective achievement of strategic objectives that will contribute to our Company’s success. The primary objectives of the compensation programs for our named executive officers are to:

- attract and retain highly-qualified executives,
- motivate our executives to achieve our business objectives,

- reward our executives appropriately for their individual and collective contributions, and
- align our executives' interests with the long-term interests of our shareholders.

Our compensation principles are designed to complement and support the Company's business strategy. The canned fruit and vegetable business is highly competitive, and the principal customers are major food chains and food distributors with strong negotiating power as to price and other terms. Consequently, our success depends on an efficient cost structure (as well as quality products) which enables us to provide favorable prices to the customers and acceptable margins for the Company.

However, an important purpose of our compensation policies is to enable the Company to retain highly valued employees. Our senior management monitors middle and senior management attrition and endeavors to be sufficiently competitive as to salary levels so as to attract and retain highly valued managers. Consequently, the Company has been flexible in awarding compensation, and expects to remain so, to facilitate attracting and retaining quality management personnel.

Elements of Executive Compensation for Fiscal Year 2009

Base Salary. The base salary of each of our named executive officers is reviewed by the Committee at the beginning of each fiscal year as part of the overall annual review of executive compensation. During the review of base salaries, the Committee considers the executive's qualifications and experience, scope of responsibilities and future potential, the goals and objective established for the individual, his or her past performance and competitive salary practices both internally and externally. In addition to the annual reviews, the base salary of a particular executive may be adjusted during the course of a fiscal year, for example, in connection with a promotion or other material change in the executive's role or responsibilities. During fiscal year 2009, each of the named executive officers received a merit increase to his base salary in May 2008.

As a general rule, base salaries for the named executive officers are set at a level which will allow us to attract and retain highly-qualified executives. Many of our competitors are family-owned businesses operating in rural areas, where compensation rates and salary expectations are below the urban levels. However, most of our executive officers also live and work in rural locations, inasmuch as the Company believes that its facilities (some of which include executive offices) should be located in the agricultural areas that produce the crops processed by the Company. Although the compensation level of our executive officers is generally in the upper end of executive compensation in these localities, they are below the compensation levels for comparable positions in most public companies with sales comparable to those of the Company.

For Mr. Kayser, our CEO, the Committee concluded that a base salary of \$475,135 was appropriate in this regard effective May 1, 2009. The Committee similarly determined the appropriate base salary of each of our named executive officers as set forth in the Summary Compensation Table.

Profit Sharing Bonus Plan. The corporate Profit Sharing Bonus Plan is generally available to officers and certain key corporate employees. An annual incentive bonus is payable based upon the Company's performance, and aligns the interests of executives and employees with those of our shareholders. The Profit Sharing Bonus Plan links performance incentives for management and key employees to increases in shareholder value and promotes a culture of high performance and ownership in which members of management are rewarded for achieving operating efficiencies, reducing costs and improving profitability.

The Profit Sharing Bonus Plan became effective April 1, 2006. Under the Plan, annual incentive bonuses are paid based on achieving the performance criteria set for the Company. The bonuses for officers and certain key corporate employees are distributed at the sole discretion of our CEO upon approval of such bonuses by the Committee. The Profit Sharing Bonus Plan was amended on May 29, 2008 to reflect the Company's decision to adopt LIFO (Last-In, First-Out) inventory accounting, and payments under the Plan shall be made as if the Company had remained on a FIFO (First-In, First-Out) inventory accounting basis.

The performance criteria established under the Profit Sharing Bonus Plan requires the Company's pre-tax profits for a fiscal year to equal or exceed a specific bonus target plus the aggregate bonus amounts calculated under the Plan. Each bonus target under the Profit Sharing Bonus Plan is expressed as a percentage of the consolidated net worth of the Company as stated in the annual report for the prior fiscal year. Additionally, each bonus target corresponds to a potential bonus payment calculated as a percentage of the employee's base salary earned during the fiscal year. The following table sets forth the bonus targets and potential bonus payments established under the Profit Sharing Bonus Plan for fiscal year 2009.

Bonus Target	Potential Bonus Payment (Percent of Base Salary)
7.5%	10%
10%	15%
12.5%	20%
15%	25%
20%	50%

For fiscal year 2009, the Company's pre-tax profits on a FIFO basis exceeded 20% of the Company's consolidated net worth at the end of the prior fiscal year and a total of \$795,555 was earned by eligible employees under the Profit Sharing Bonus Plan. With respect to the named executive officers, the bonuses set forth in the Summary Compensation Table under the heading "Non-Equity Incentive Plan Compensation" were paid as part of fiscal year 2009 compensation.

Equity Based Incentive Awards. On August 10, 2007, the shareholders approved the 2007 Equity Incentive Plan to align the interests of management and shareholders through the use of stock-based incentives that result in increased stock ownership by management. Executive management's view of the Plan is that it is important to allow us to continue to attract and retain key talent and to motivate executive and other key employees to achieve the Company's goals. The Company granted 4,879 shares of restricted stock awards under the Plan to key employees in fiscal year 2009. Provided that the participant remains employed by the Company, these shares of restricted stock will vest equally over a four-year period. The

Compensation Committee did not consider making any awards to Messrs. Wolcott and Kayser under the Plan, inasmuch as the Wolcott and Kayser families own substantial stockholdings in the Company. Messrs. Wolcott and Kayser concurred in that judgment.

Retirement Programs. Our executive officers are entitled to participate in the Company's Pension Plan, which is for the benefit of all employees meeting certain eligibility requirements. Effective August 1, 1989, the Company amended the Pension Plan to provide improved pension benefits under an excess formula. The excess formula for the calculation of the annual retirement benefit is: total years of credited service (not to exceed 35) multiplied by the sum of (i) 0.6% of the participant's average salary (five highest consecutive years, excluding bonus), and (ii) 0.6% of the participant's average salary in excess of his or her compensation covered by Social Security.

Participants who were employed by the Company prior to August 1, 1988, are eligible to receive the greater of their benefit determined under the excess formula or their benefit determined under the offset formula as of July 31, 1989. The offset formula is: (i) total years of credited service multiplied by \$120, plus (ii) average salary multiplied by 25%, less 74% of the primary Social Security benefit. The maximum permitted annual retirement income under either formula is \$160,000. See "Pension Benefits" below for further information regarding the number of years of service credited to each of the named executive officers and the actuarial present value of his accumulated benefit under the Pension Plan.

We also have a 401(k) Plan pursuant to which the Company makes matching and discretionary contributions for eligible employees. The Company matching contributions to the named executive officers' 401(k) Plan accounts are included in the Summary Compensation Table under the heading "Other Compensation."

Other Compensation. The Company also provides health insurance, term life insurance, and short-term disability benefits that do not discriminate in scope, terms or operation in favor of our executive officers and are therefore not included in the Summary Compensation Table for the named executive officers.

Other Compensation Policies

Internal Pay Equity. The Committee believes that internal pay equity is an important factor to be considered in establishing compensation for our officers. The Committee has not established a policy regarding the ratio of total compensation of our CEO to that of the other officers, but it does review compensation levels to ensure that appropriate equity exists. The Committee intends to continue to review internal pay equity and may adopt a formal policy in the future if it deems such a policy to be appropriate.

Compensation Deductibility Policy. Under Section 162(m) of the Internal Revenue Code of 1986, as amended, the Company may not receive a federal income tax deduction for compensation paid to the CEO or any of the four other most highly compensated executive officers to the extent that any of the persons receive more than \$1,000,000 in compensation in any one year. However, if the Company pays compensation that is "performance-based" under Section 162(m), the Company can receive a federal income tax deduction for the compensation

paid even if such compensation exceeds \$1,000,000 in a single year. None of our executive officers received more than \$1,000,000 in compensation during fiscal year 2008 or any prior year, so Section 162(m) has not been applicable to the Company. To maintain flexibility in compensating executive officers in a manner designed to promote varying corporate goals, the Committee has not adopted a policy that all compensation must be deductible on the Company's federal income tax returns.

No Stock Options. The Company has never awarded stock options to any officer or employee, and it does not presently contemplate initiating any plan or practice to award stock options.

Timing of Grants. The Committee anticipates that stock awards to the Company's officers under the 2007 Equity Incentive Plan will typically be granted annually in conjunction with the review of the individual performance of each officer. This review will take place at a regularly scheduled meeting of the Compensation Committee.

Report of the Compensation Committee

The following Report of the Compensation Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other filing by the Company under the Securities Act of 1933 or the Securities Exchange Act of 1934 except to the extent the Company specifically incorporates this Report by reference therein.

The Compensation Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement and in the Company's Annual Report on Form 10-K for the Fiscal Year Ended March 31, 2009 .

The fair values of these awards and the amounts expensed in fiscal years 2009 and 2008 were based on the closing price of the Company's Class A common stock as reported on the Nasdaq Global Market on the date of grant amortized over the vesting period in accordance with Financial Accounting Standards Board Statement of Financial Accounting Standards No. 123 (revised 2004) Share-Based Payment ("SFAS 123R").

(2) The amount shown in this column for fiscal years 2009, 2008 and 2007 represents the Company's matching contribution to its 401(k) Plan for each named executive officer and the amount of premium paid by the Company for group term life insurance on the named executive officer's life. The value of perquisites and other personal benefits are not shown in the table because the aggregate amount of such compensation, if any, is less than \$10,000 for each named executive officer.

(3) Mr. Erstad has been Senior Vice President of Sales since 2001 and is a named executive officer beginning with fiscal year 2008. Accordingly, his compensation for 2007 is not provided in this table.

Pension Benefits

The Company's Pension Plan is a funded, tax-qualified, noncontributory defined-benefit pension plan that covers certain employees, including the named executive officers. Effective August 1, 1989, the Company amended the Pension Plan to provide improved pension benefits under an excess formula. The excess formula for the calculation of the annual retirement benefit is: total years of credited service (not to exceed 35) multiplied by the sum of (i) 0.6% of the participant's average salary (five highest consecutive years, excluding bonus), and (ii) 0.6% of the participant's average salary in excess of his compensation covered by Social Security. The amount of annual earnings that may be considered in calculating benefits under the Pension Plan is limited by law. For 2009, the annual limitation is \$245,000.

Participants who were employed by the Company prior to August 1, 1988, are eligible to receive the greater of their benefit determined under the excess formula or their benefit determined under the offset formula as of July 31, 1989. The offset formula is: (i) total years of credited service multiplied by \$120, plus (ii) average salary multiplied by 25%, less 74% of the primary Social Security benefit. The maximum permitted annual retirement income under either formula is \$160,000.

The following table shows the present value of accumulated benefits payable to each of our named executive officers under our Pension Plan.

Pension Plan service credit and actuarial values are calculated as of March 31, 2009, which is the pension plan measurement date that we use for financial statement reporting purposes.

Compensation of Directors

Under the director compensation program, which became effective July 1, 2006, each non-employee director is paid a monthly cash retainer of \$1,750. Messrs. Wolcott and Kayser, as officers of the Company, do not receive any compensation for serving the Company as members of the Board of Directors. The Company's non-employee directors received the following aggregate amounts of compensation for the fiscal year ended March 31, 2009:

Compensation Committee Interlocks

As noted above, the Compensation Committee is comprised Messrs. Paulson, Wilson, Humphreys and Boas and Ms. Henry. No member of the Compensation Committee is or was formerly an officer or an employee of the Company. See “Certain Transactions and Relationships” below for information regarding the relationship between the Company and Mr. Humphreys. No executive officer of the Company serves as a member of the board of directors and compensation committee of any entity that has one or more executive officers serving as a member of the Company’s Board of Directors, nor has such interlocking relationship existed in the past three years.

Certain Transactions and Relationships

According to written policy of the Audit Committee, any related party transactions, excluding compensation, which is delegated to the Compensation Committee, involving one of the Company’s directors or executive officers, must be reviewed and approved by the Audit Committee. Any member of the Audit Committee who is a related party with respect to a transaction under review may not participate in the deliberations or vote on the approval or ratification of the transaction. Related parties include any of the Company’s directors or executive officers, certain of the Company’s stockholders and their immediate family members. To identify any related party transactions, each year, the Company submits and requires each director and officer to complete director and officer questionnaires identifying any transactions with the Company in which the executive officer or director or their family members has an interest. In addition, the Board of Directors determines, on an annual basis, which members of the Board meet the definition of independent director as defined in the NASDAQ listing standards and reviews and discusses any relationships with a director that would potentially interfere with his or her exercise of independent judgment in carrying out the responsibilities of a director.

Prior to December 30, 2006, the Company operated under a contract pursuant to which Birds Eye Foods supplied the Company’s New York processing plants with their raw vegetable requirements. Birds Eye’s sources of supply were the grower-members of Pro-Fac Cooperative, Inc., a non-controlling shareholder of Birds Eye. The prices paid for all Pro-Fac-sourced

vegetables were negotiated between the Company and Birds Eye and paid directly to Birds Eye. The Company had no negotiations with individual growers nor authority to require Birds Eye or Pro-Fac to fill from any particular grower a specific volume or percentage of the vegetables supplied to the Company.

The Company no longer purchases through Pro-Fac, as raw vegetables for the Company's New York processing plants are now purchased directly from the growers. A small percentage (less than 1% in fiscal year 2009) of vegetables supplied to the Company's New York processing plants are grown by Humphreys Farm Inc. G. Brymer Humphreys is President and a 23% shareholder of Humphreys Farm. In fiscal year 2009 the Company paid Humphreys Farm \$419,000 pursuant to a raw vegetable grower contract. The Chairman of the Audit Committee reviewed the relationship and determined that the Humphreys Farm grower contract was negotiated at arms length and on no more favorable terms than to other growers in the marketplace.

OWNERSHIP OF COMPANY STOCK

Security Ownership of Certain Beneficial Owners

To the best of the Company's knowledge, no person or group (as those terms are used in Section 13(d)(3) of the Securities Exchange Act of 1934, as amended (the "Exchange Act")) beneficially owned, as of March 31, 2009, more than five percent of the shares of any class of the Company's voting securities, except as set forth in the following table. Beneficial ownership for these purposes is determined in accordance with applicable SEC rules and includes shares over which a person has sole or shared voting power or investment power. The holdings of Common Stock listed in the table do not include the shares obtainable upon conversion of the 10% Series A Preferred Stock and the 10% Series B Preferred Stock, which currently are convertible into both Class A Common Stock and Class B Common Stock on the basis of 20 and 30 shares of Preferred Stock, respectively, for each share of Common Stock.

PROPOSAL TWO: RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has appointed BDO Seidman, LLP to act as auditors for the fiscal year ending March 31, 2010. BDO Seidman has served as the Company’s registered independent public accounting firm since December 8, 2005. On such date, the Company terminated Ernst & Young LLP from serving as its independent accountants. A representative of BDO Seidman is expected to be present at the Annual Meeting and will have an opportunity to make a statement, if he or she so desires, and will be available to respond to appropriate questions.

At the Annual Meeting, the shareholders will be asked to ratify the selection of BDO Seidman as the Company’s independent registered public accounting firm. Pursuant to the rules and regulations of the SEC, the Audit Committee has the direct responsibility to appoint, retain, approve the compensation and oversee the work of the Company’s independent registered public accounting firm. Consequently, the Audit Committee will consider the results of the shareholder vote on ratification, but will exercise its judgment, consistent with its primary responsibility, on the appointment and retention of the Company’s independent auditors.

The affirmative vote of a majority of the votes cast on the proposal, assuming a quorum is present at the Meeting, is required to ratify the appointment of BDO Seidman. The directors of the Company unanimously recommend a vote FOR the ratification of BDO Seidman as the Company’s independent registered public accounting firm for the fiscal year ending March 31, 2010. Unless otherwise instructed, proxies will be voted FOR ratification of the appointment of BDO Seidman.

functions. The Audit Committee's pre-approval policies provide that the Chairman of the Audit Committee has the authority to approve individual audit related and permitted non-audit engagements up to \$10,000.
